St. Mary of the Assumption School

St. Mary of the Assumption School has been providing spiritual growth and academic excellence since 1927. The St. Mary of the Assumption School community includes the entire parish, which supports our students, parents, staff and clergy in helping children acquire a quality education.

Mission Statement

Our Catholic faith is the foundation of our tradition of providing a quality, virtue-based education in a Christ-centered environment focused on excellence in academics, worship and service.

Philosophy

The purpose of St. Mary of the Assumption School is to prepare loyal, well-informed Catholics who have been given an opportunity to experience a Christian community at worship, work and play. By fully participating in these three areas, the student is introduced to a Christian lifestyle that takes its thrust and meaning from following the teachings of Christ. Participation in the Christian community experiences will prepare the student to meet the challenges of spreading peace and justice to the world community.

By working in an orderly, supportive environment, which emphasizes the importance of academic achievement, the student will develop a positive sense of self, as well as being motivated to learn. Varied learning styles will be accommodated through innovation in organization, content and methods of teaching to meet the needs of all students.

The development of a mature Christian person is a joint responsibility of parents and the school. Only through positive interaction and the full commitment of parents, school and parish can a student acquire the necessary tools for a Christian lifestyle.

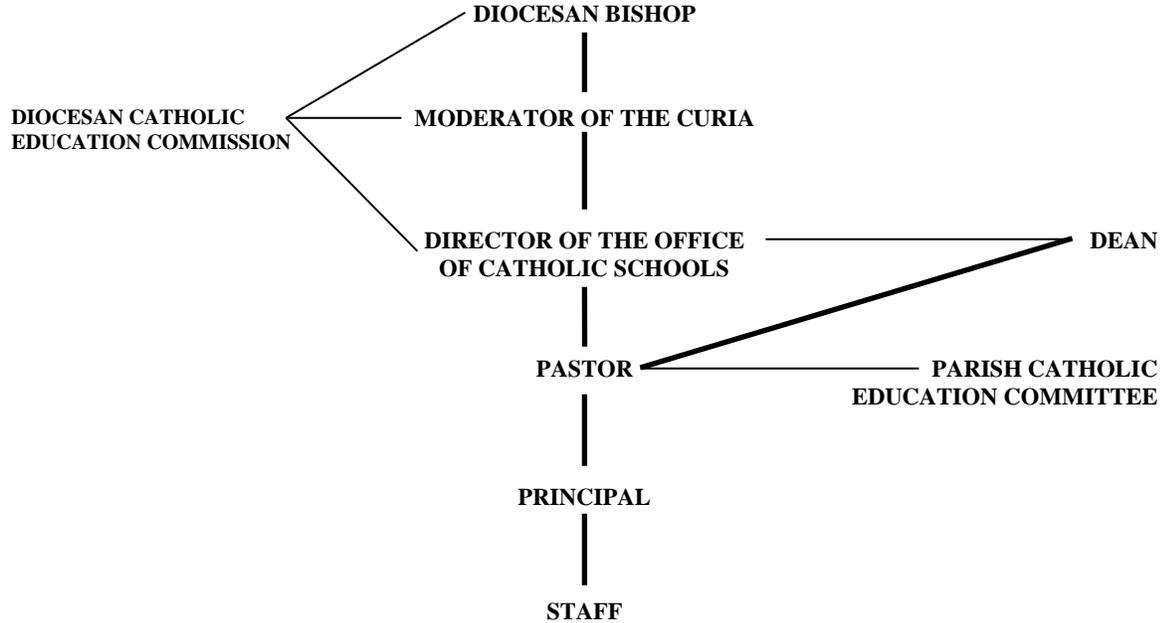

Vision

St. Mary of the Assumption School has established priorities and objectives for our present and future success. We must maintain our program that, by virtue of its very strength, breadth and values is a model among Catholic schools. This will permit us to meet the challenge of providing students with a quality Catholic education in the 21st century and thus prepare them to have a meaningful impact on tomorrow's society.

- Establish and maintain curricular and co-curricular programs reflecting a model Catholic school.
- Attract and maintain outstanding faculty and staff who are committed to the mission, philosophy and vision of St. Mary's of the Assumption School.
- Provide faculty members with continuing educational opportunities.
- Increase student enrollment.
- Upgrade the physical environment through a planned program of facility renovations and additions.
- Secure the annual capital and endowment funds necessary to fulfill our vision.

Accidents or Illness on School Grounds

When accidents with injuries or illness occurs on school grounds, the following procedures will be followed:

Minor Injuries or Illness

Students will be checked in the school office. Parents may or may not be contacted depending on the extent of the injury or illness. Parents will be contacted if the injury is to the child's face. Parents will be contacted if a child demonstrates symptoms of an illness during the school day. An accident report will be completed by those involved in an accident if the parent chooses to refer the child to professional medical attention.

Major Injuries or Illness

Parents will be contacted in the event of a major injury or illness that may or may not require hospital treatment. Parents will be consulted as to treatment. First aid treatment will be initiated by school staff until parents arrive. Witnesses to the accident will complete a written accident report.

Life Threatening Injury or Illness

St. Mary School staff reserve the right to contact emergency medical personnel without parental consent if it is determined that a child's injury or illness may be beyond the scope of first aid treatment or life threatening. Parents will be contacted immediately after emergency medical personnel are summoned. Unconsciousness in any form will be treated as a life threatening emergency.

Emergency Forms

Each family is required to complete an emergency form for each child that attends St. Mary of the Assumption School. It is important that family emergency information be completed annually and updated throughout the school year as family directory information changes.

Accreditation

St. Mary School was fully accredited by the Wisconsin Religious and Independent Schools Association (WRISA) in 2015. **Accreditation is renewed annually.**

Administration

The School Administrator (Principal and Associate Principal)

The school administrators (principal and associate principal) are hired by the pastor with the approval of the Bishop or his delegate (Diocesan Director of the Office of Catholic Schools). The school administrator is responsible to the pastor for implementing policies, issuing appropriate directives and for supervising the total school program including athletics, maintenance, lunch programs, all other staff and all other associated activities. In carrying out Diocesan policies and regulations, the school administrator is accountable to the Diocesan Director of the Office of Catholic Schools. In all other administrator responsibilities, the principal is accountable to the pastor.

Admission of Students to St. Mary of the Assumption School

Entrance Requirements

Entrance requirements regarding age and medical documentation are consistent with the local public school district.

- A child is eligible to attend kindergarten if the child is five years of age on or before September 1st of the school year the child is entering.
- Up-to-date immunization records must be provided for all students entering school and for all sixth-grade students.
- St. Mary of the Assumption School gives preference in admission to Catholic students living within the parish boundaries; secondly, to Catholic students living outside the parish boundaries; thirdly, to non-Catholic students.
- The Parish Finance Committee determines tuition. The tuition can vary depending upon the age of the child, family membership in this parish or in another parish or if the family is non-Catholic or not active in their current church.

- The pastor makes decisions for students who wish to re-enroll at St. Mary of the Assumption School with input from the principal.

In any situation where there is a custody agreement, the school is required to obtain any portion of the agreement that pertains to the student in relation to the school. At a minimum, the school will retain the portion of the agreement that stipulates custody.

Transfer of Credits/Grade Placement Policy

When a student transfers to St. Mary School, grade placement will be determined by the principal utilizing the following factors: the child's age and current grade placement. If there is a dispute as to what grade the child should be enrolled in, the principal will consider academic history, including grades and classroom performance; recommendations of previous teachers involved with the child, and input from the receiving teacher. The final decision will rest with the principal.

Non-Discrimination of Students (DSP 5101)

St. Mary of the Assumption School may be subject to Title VII of the Civil Rights Act of 1964, as amended, Title IX of the Education Amendments of 1972, the Age Discrimination in Employment Act, the Equal Pay for Equal Work Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act and other federal, state or local laws prohibiting illegal discrimination. St. Mary of the Assumption School does not discriminate on any civil law protected class basis unless permitted by law and/or protected by the United States Constitution or the Constitution of the State of Wisconsin.

Catholic Faith and Moral Standard (DSP 5112)

As a condition of initial and continued enrollment as a student at St. Mary of the Assumption School, a student's conduct must be consistent with Catholic faith and morals. Conduct that is inconsistent with Catholic Faith and morals, which is a threat to the health, safety and welfare of other students and/or causes scandal, impairs or threatens to impair the reputation of St. Mary of the Assumption Parish or School, is grounds for disciplinary sanctions up to and including immediate expulsion.

Non-Catholic Student Participation (DSP 6225)

Non-Catholic students fully enrolled at St. Mary of the Assumption School are required to participate to the same extent in all school activities (both curricular and extra-curricular) and courses of study as Catholic students, provided such activity is permitted by Catholic Church Law, as a condition of enrollment.

Arrival and Departure of Students

The school day begins at 7:55 am with the ringing of the school bell. The first order of business is for the teacher to take attendance and determine the lunch count. Students are considered tardy if they are not in the classroom when attendance is taken at 8:05. At 8:08, teachers and students will hear the morning announcements and participate in morning prayers and the Pledge of Allegiance. Mass or classes begin at 8:15 a.m.

Students are not to arrive on school grounds before 7:45 am. If students arrive early, they will wait outside until 8:00 a.m. except in cases of inclement weather. **There is no supervision outside until 7:45 each morning.**

Students are expected to leave school grounds, including the playground, at the 3:15pm dismissal time, unless arrangements have been made with the classroom teacher or school administrator.

All students are to be picked up on North Central Avenue, East Fourth Street or in the school parking lot. Do not pick up students on East Fifth Street where the school buses park.

Asbestos Management

Notice is hereby given that the Asbestos Management plan, as required by **DSP 3320**, surveillance reports, and training reports for St. Mary of the Assumption School are available for review during normal business hours. St. Mary of the Assumption School is in compliance with all required maintenance and monitoring of asbestos in areas where students are present.

Athletics

Students in grades 5 through 8 are given an opportunity to participate in volleyball and basketball athletic programs, which are offered by St. Mary of the Assumption School. Students may also participate in football, wrestling, and track through the Richland School District. Every student who wishes to participate in the athletic program receives a copy of the Athletic Handbook. All students, parents, teachers and coaches are expected to read and follow the guidelines as stated in the Athletic Handbook.

Attendance, Tardiness and Truancy

Attendance is taken each morning and sent to the office. If your child is absent for any reason, please call the school office before 8:30 a.m. You may also send a note to the teacher with another child, but keep in mind that children have many things on their minds and might forget to hand in the note.

If you know in advance that your child will be absent for all or part of a school day due to appointments, please contact the school office as soon as you know so that arrangements can be made for assignments.

Tardiness

Tardiness, like absenteeism will be recorded as a part of the student's permanent record. Students are expected to be in their classroom and **ready for instruction at 8:05**. Valuable instruction time is lost and children have difficulty with organizational skills when students arrive late. Parents will be contacted if a child is excessively tardy.

Early leaving

If your child is required to leave the school premises during school hours, he/she must have a written note from home explaining the reason they are leaving, who they are leaving with, what time they are leaving and what time they expect to return.

No child may leave school early unless he/she brings signed a note from home.

Any request for a student to leave the school grounds with anyone other than the parent or legal guardian will be verified with the parent or guardian, and the individual may be asked to provide the school with legal identification before the child will be allowed to leave with that person.

Illness

If a child becomes ill during the school day a parent is contacted to determine if the child should be taken home. A file is kept at the school containing the numbers at which parents and at least one other contact person can be reached during school hours.

Missing work

It is the responsibility of the student to obtain and complete all work missed because of absenteeism or tardiness. Make-up work is accepted within a reasonable time frame to be determined by the teacher with input from the student. All make-up work completed within the agreed upon time frame will be graded and receive full credit.

Truancy

A child is considered truant from school when a parent or legal guardian attempts to circumvent the compulsory education laws of the State of Wisconsin. Each case of suspected truancy is handled on a case by case basis between the family and the school. The school reserves the right to initiate truancy procedures with the Department of Social Services should efforts to work with the family fail. It is the parents or legal guardian of a child who are held accountable for a child's attendance at school. Truancy is defined in the Wisconsin State Statute 118.16 (1) I as "any absence of part or all of one or more days from school during which the school attendance officer, principal, or teacher has not been notified of the legal cause of such an absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the intent of the attendance law. A "habitual truant" means a pupil who is absent from school without an acceptable excuse for part or all of 5 or more days on which school is held during a semester.

Extended Absences

If a child is going to miss school for an extended period, the school should be notified at least one week in advance of the absence. Students are required to complete all makeup work within the timelines established by the teacher to receive full credit. For longer absences, teachers will have the option to determine if it is best for the student to get makeup work upon their return.

Band

All students in grades 6 through 8 are given an opportunity to receive band lesson as a part of the school curriculum and to exhibit their musical skills at scheduled programs and concerts. This is done through the Richland School District. *Parents are responsible for transportation to and from the Richland Middle School for band classes and activities.*

Bicycles

Bicycles that are ridden to school must be parked along the north side of the church. Bicycles may not be ridden on parish property due to possible injury to fellow students. St. Mary School, Parish and the Diocese of La Crosse are not liable for any bicycles that are lost or stolen while parked on school grounds.

Body Fluids

St. Mary School has a Bloodborne Pathogens Policy for the handling of body fluids to prevent the transmission of bacteria and viruses from person to person. All school personnel are trained in the safe handling of body fluids.

Bus Transportation

Section 121.54(2)(B)1., Wis. Stats., specifies that to be eligible to receive transportation services from the school district in which the private school pupil resides, all the following criteria must be met:

- The pupil resides 2 miles or more from the private school that he/she attends.
- The pupil resides within the private school's approved attendance area.
- The private school is located within the boundaries of the pupil's resident school district or not more than 5 miles beyond the boundaries of the school district measured along the usually traveled route.

Under section 121.51(1), Wis. Stats., the private school attendance area is defined as “the geographic area designated by the governing body of a private school as the area from which its pupils attend and approved by the school board of the district in which the private school is located.”

Students may board and disembark buses only in the officially designated spot, which at St. Mary of the Assumption School, is on East Fifth Street.

If a bus or non-bus student has permission to go somewhere other than his/her residence on the bus, the parent must send a dated permission note to the classroom teacher. A bus pass will then be issued to the student from the school office. A bus pass is needed any time the student does not disembark at their home residence or a non-bus student is traveling on the bus with a bus student. The school and the bus driver share a great responsibility to insure the safety of your child. Therefore, it is imperative that you approve of any changes in the normal bus routine and that the school and bus driver know you are aware. Parents must contact the school. We cannot depend on the word of a child as to whether or not he/she is riding the bus. The office should be notified of any changes by noon. Students are to comply with the local public-school bus discipline system. The rules apply to all bus routes and to school related activity trips.

Loading the bus

- Be on time at the designated bus stops – keep the bus on schedule.
- Stay off the road while waiting for the bus. Bus riders shall conduct themselves in a safe manner while waiting.
- Wait until the bus comes to a complete stop before moving closer to enter the school bus.
- Never go behind a bus.

Riding the bus

- Do not interfere with the health and safety of others.

Code of Conduct : St. Mary of the Assumption School

High standards of character are encouraged by a clear Code of Conduct backed by a combination of rewards and consequences, which are enforced fairly within a positive school atmosphere. The long-term goal is to help students as they grow older and move away from an externally imposed discipline to becoming self-disciplined. We believe that *Catholic Character Counts* and have established the following core values.

- **Respect** – *A person of character* values all persons, lives by the teachings of Christ, respects the dignity, privacy and freedom of others, is courteous and polite to all and is tolerant and accepting of differences.
- **Responsibility** – *A person of character* meets the demands of duty, is accountable, pursues excellence, and exercises self-control.

- Respecting the rights and property of others
- Being kind
- Helping others (charity)
- Self-control
- Courtesy
- Taking responsibility for our actions

Negative behaviors will be dealt with through the school's discipline policy.

Discipline Policy

Since St. Mary of the Assumption School strives to build a Catholic faith community, which includes a healthy learning environment, students must learn to respect the dignity and rights of each person. The essence of Christian discipline is self-discipline. The following are norms of behavior, which make this possible:

1. Halls:
 - a) Students are to walk at all times.
 - b) Students are to be quiet and orderly at all times.
 - c) If talking is absolutely necessary, students should keep their voices at a low volume.
2. Classroom:

There is to be respect for the teacher, fellow students, school and personal property. An atmosphere of conduct which will allow all students to learn is to be maintained. Each classroom will have its own set of rules and consequences based upon the atmosphere required at that grade level.
3. Bathrooms:
 - a) Specified times are provided for use of the bathroom unless special permission is given by the teacher.
 - b) There is to be no writing on lavatory walls, doors, etc.
 - c) There is to be no loitering or socializing in the lavatories.
 - d) Any spill of body fluid must be reported to the school office.
4. School Property – School property that is damaged or destroyed by the deliberate acts or inexcusable carelessness of a student will be reimbursed by the parents.
5. Normal Discipline Procedures:
 - a) Teacher deals with child (minor infrequent offenses)
 - b) Parent/teacher conference
 - c) Principal talks to child
 - d) Parent/Principal/Teacher conference with implementation of an Individual Behavior Contract
 - e) Parent/Pastor conference if needed
 - f) Suspension (in or out of school)

This is the normal discipline process, but some infractions may result in an immediate in-school suspension.

6. Some examples of conduct that can result in suspension are:
- a) Possession of tobacco, alcohol or drugs on school property (including school buses or private cars when they are used for a school function)
 - b) Disrespect or defiance of an adult in a position of authority or responsibility
 - c) Written or oral obscenities
 - d) Destruction of school property or the personal property of another person
 - e) Theft
 - f) Sexual harassment
 - g) Repeated or flagrant incidents of bullying (Anti-bullying policy located in Appendix C)
 - h) Truancy

This is not intended to be an all-inclusive list. These are only examples and other infractions may result in a suspension. If a student is suspended from school (either in-school suspension or out of school), he/she will be ineligible for any after school activities on the day(s) the suspension occurs.

Suspension, Expulsion, and Appeals

Because of its responsibility to the parents, students and community, the school reserves the right to restrict from school participation any student whose conduct or academic work is seriously undesirable.

➤ A suspended student is temporarily removed from the school either as a punishment or as a precautionary measure during investigation and/or assessment. The suspension may be in school or out-of-school. Students will receive a maximum of ¾ credit on homework or class activities for the duration of the suspension.

➤ The expulsion of a student from a Catholic school is very serious matter and should be invoked only in extreme cases. Care should be taken that fundamental fairness is offered the student in the process of expulsion. All dismissals and expulsions are to be approved by the Diocesan Director of the Office for Catholic Schools. (DSP 5115) The term “expulsion” is: Termination of a pupil as a student from the school permanently (no opportunity for reinstatement). The term “dismissal” is: Termination of a pupil as a student from the school less than permanently (indefinite for a given term). (DSP 5115)

Administrative Recourse (DSP 5901)

Any grievances by or on behalf of the students shall be resolved through Diocesan Administrative Recourse. Diocesan Administrative Recourse shall constitute the exclusive method for resolving such disputes and all employees, students and their parent(s)/guardian(s) are bound by its determination as final and binding upon them. No dispute shall be submitted to Diocesan Administrative Recourse unless, within 30 days of the occurrence giving rise to the dispute, the first step of the Diocesan Administrative Recourse is commenced by or on behalf of the student.

Administrative Recourse (DSR 5901)

Outline of the chain of authority to be followed in resolving disputes:

1. Teachers or other school employees
2. Principal
3. Pastoral Authority
4. Dean
5. Diocese

Procedure in the Diocese of La Crosse:

When one of Christ's faithful judges himself or herself injured by the decision or action of a person exercising pastoral or administrative authority in the Diocese of La Crosse, he or she, is to first confront the person in question with the grievance and seek reconciliation with the person.

If the party who judges himself or herself injured is not able to achieve reconciliation by conversation with the authority involved, he or she may present the grievance to the pastor of the Church within thirty calendar days of the time of the alleged injury. The recourse is to be made in writing and is to state the facts of the conflict and the reason or reasons why the party judges himself or herself injured. The response to the recourse also is to be made in writing and is to state the reasons for the response given.

If the grievance is against an authority in the parish, the appeal first is to be made to the pastor who is to seek to reconcile the two parties. At this level and at the successive levels, the pastor may seek the assistance of others, especially those respected for their ability to reconcile; but in the end the pastoral authority remains responsible for seeking the resolution of the conflict. No consultative body as such or members of consultative bodies, in virtue of their membership, should be given the pastoral responsibility of resolving such conflicts. The consultative body, e.g., the parish pastoral council, has responsibility for assisting the pastor in drawing up good policies for the pastoral activity of the parish and for assisting the pastor in clarifying policies in cases of conflict or interpretation. It does not, however, engage in the administration of the policies. The pastor is obliged to respond to the recourse within fifteen calendar days from the time he receives it. Once the pastor has given his response to the recourse, the conflict is considered reconciled, unless the pastor's response is appealed to the dean within fifteen calendar days from the date the parties receive the response.

If reconciliation is not achieved with the pastor's help or if the grievance is against the pastor himself, the appeal is to be made to the local dean who by office has special responsibility for promoting harmony of pastoral action and unity of church life in his deanery. (cf. Can. 555, 1, 10; 2, 20) If the grievance is against the pastor, and the pastor is the local dean, then the appeal is made to the dean of the closest neighboring deanery, with the consent of the Diocesan Bishop. The dean is obligated to respond to the recourse within fifteen calendar days from the date he receives it.

If reconciliation is not achieved on the deanery level, or if the grievance is against the dean in the exercise of his office of dean, then the appeal is to be made to the Diocesan Bishop directly. The Diocesan Bishop may carry out the work of reconciliation himself or he may name another to act for him in the matter. In the latter case, the Diocesan Bishop makes his own response to the person named. The Diocesan Bishop is obliged to respond to the recourse within fifteen calendar days from the date he receives it.

If the grievance is against the Diocesan Bishop, the legislation in the Code of Canon Law is to be followed. (cf. Can. 1732-1739)

It should be kept in mind that the Code of Canon Law requires a special procedure to be followed by the Diocesan Bishop in the case of the removal of a pastor (cf. Can. 1740-1747) or the transfer of a pastor unwilling to be transferred. (cf. Can. 1749-1752)

Penalty Status During Administrative Recourse Procedure (DSP 5902)

The penalty for a violation of a school or diocesan policy or regulation is to be enforced during the recourse procedure. However, a request can be made to the diocesan director of schools to speed up the procedure. This request can be made by the school, employee, student or parent affected. The request can be granted or denied.

Conferences

Conferences (DSP 5205)

As a personal means of informing parents as to the development of their children, schools are to schedule conferences on a regular basis. Normally, the children should have the opportunity to be at these conferences. Conferences are to be scheduled at least twice a year. The first

conference should be during or shortly after the first quarter and the second conference should be during or shortly after the second or third quarter.

Whenever a student displays regular failing work or work that is below the student's normal level of achievement, parents will be informed and a conference will be scheduled.

Parents who wish to have a conference with a teacher at times other than the scheduled all-school conferences are asked to make arrangements directly with the teacher.

Confidentiality

Confidentiality (DSP 5310)

Rather than strict confidentiality regarding student-school employee communication (verbal and written), the Diocese of La Crosse Catholic Schools operates under a "spirit of confidentiality." This means that outside of the sacramental confidentiality between priest and penitent, strict confidentiality cannot be promised to the student if the information disclosed by the student includes, but is not limited to, one or more of the following:

1. Information that concerns violation of the law.
2. Matters involving the health and safety of the student or any person.
3. Serious moral issues.
4. Any other matter that raises serious enough concern in the mind of the employee that he or she believes it is important to share the information with the school administrator.

The school administration, after consultation with the Office of Catholic Schools, may choose to disclose the information to parents, legal authorities, medical personnel or other deemed necessary personnel.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school make corrections to records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;

- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.
- Inclusion of student pictures in the annual yearbook, which is created by students.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Curriculum

The primary purpose of the Catholic School is to provide religious based instruction. St. Mary of the Assumption School has a written, sequentially progressive curriculum based on the Diocese of La Crosse curriculum with fundamental instruction in Religion, English, Reading, Language Arts, Mathematics, Social Studies, Science, Health, Technology, Music and Physical Education. St. Mary School also offers Spanish in grades 1-8. The curriculum expectations are updated on a regular basis. Our curriculum incorporates Catholic religious doctrine in all subjects and is substantially equivalent to the course of study recommended by the Wisconsin Department of Public Instruction.

Dances and Parties

Grade School Dances and Parties (DSP 5790)

St. Mary of the Assumption School will not sponsor mixed parties or dances for grade school students, when they are such as to promote premature dating, exclusive and particular boy-girl associations and the pairing off of couples. School activities which are well supervised and which are instructive in the social graces and productive of mature and wholesome relationships are encouraged.

Classroom parties (holidays/feast days) are to be limited to the last hour of the day. Special parties, like birthday treats, are to be limited to the last ten minutes of the day. Classroom aides may assist with parties, but final decisions rest with the classroom teacher. The principal or dean must approve all parties.

Student Parties and Dances: Non-School Sponsored (DSP 5795)

The responsibility of mixed parties and dances not directly sponsored by the school (In this policy, school refers to elementary, middle and high school) belongs to the pupils’ parents. However, illegal use of alcohol or drugs at such parties or at outside school activities can result in school disciplinary measures including suspension, dismissal or expulsion.

Desks and Lockers

Desks and lockers are the property of the school and all school property is subject to search at any time. Students may put appropriate pictures/items on the inside of their lockers subject to

approval by the administrator. The only adhesive types of materials that may be used are magnets and/or painters' tape.

The application of the right to privacy protections to personal items in lockers and desks depends upon the degree of ownership or control vested in the student by the school as to whether the student has a reasonable expectation of freedom from intrusion for the personal items placed in lockers and desks. There is no expectation of privacy for personal items placed within school desks or kept in lockers. There is also no expectation of privacy for any telecommunication done on school hardware or personal or school software.

Searches of students by school personnel are not permitted. Parents will be contacted if there is a safety concern about what a child might have on his or her person. Strip searches are forbidden by law.

Drug/Medication Administration

Drug/Medication Administration DSP (5505)

The state legislature has provided for administration of drugs to students who must have medications while attending school. Any private school employee or volunteer authorized in writing by the private school administrator or principal, as well as any licensed school bus operator authorized by the proper school authority, may administer certain drugs to students. No employee, except a healthcare professional, may be required to administer a drug to a pupil under this law by any means other than oral ingestion.

Non-Prescription Medication

Any drug, which may lawfully be sold over the counter without a prescription, may be administered in compliance with the written instructions and consent of the pupils' parent or guardian. A signed permission form must be on file in the school office in order for school personnel to give non-prescription medication. These medications must be brought to school in the original container they were purchased in. If they are in any other type of container, the school office will return the medication to the parents.

Prescription Medication

Administration of a prescription drug requires written instructions from a physician, dentist or podiatrist and written consent from the pupil's parent or guardian. Consent forms must be filled out by the parent and on file in the office before any medication will be dispensed.

The party authorized to administer the drug and the school principal or administrators are immune from civil liability for their acts or omissions unless there is a high degree of negligence. "High degree of negligence" is defined as "conduct which demonstrates ordinary negligence to a high degree, consisting of an act which the person should realize creates a situation of unreasonable risk and high probability of death or great bodily harm to another." (This immunity does not apply to healthcare professionals)

The governing body of the private school whose employees or volunteers may be authorized to administer drugs under this law must adopt a written policy governing the administration. The policy shall include procedures for obtaining the filing in the school or other appropriate facility of the written instructions and consent required. There must be procedures for the periodic review of the instructions, for the storing of the drugs, for record keeping and for the appropriate instruction of persons who may be authorized to administer drugs. (For the proper protection of students and faculty, many schools require that the medication be kept in a locked cabinet.) (s. 118.29.)

Drugs and Alcohol

Drugs and Alcohol (DSP 5508)

“Every individual, precisely by reason of the mystery of the word of God who was made flesh (cf. Jn 1:14) is entrusted to the maternal care of the Church. Therefore, every threat to human dignity and life must necessarily be felt in the Church's very heart; it cannot but affect her at the core of her faith in the Redemptive Incarnation of the Son of God, and engage her in her mission of proclaiming the Gospel of Life in all the world and to every creature” (cf. Mk 16:15).

(Evangelium Vitae, Introduction, Section 3; paragraph 1)

The Catholic Schools of the Diocese of La Crosse are Christ-centered educational communities, which proclaim the Gospel of Life and recognize the human dignity of each person. Therefore, it is the mission of each Catholic school to provide a Christian environment in which each member is able to develop his/her special talents and gifts to achieve his/her greatest potential.

The presence and abuse of drugs and alcohol presents a clear and present danger to the health, safety and welfare of all pupils in our schools. Therefore the Diocese has a paramount obligation of protecting its students from the dangers of drugs and alcohol.

Additionally, as Catholic institutions, our schools must provide an environment and opportunities for redemption, rehabilitation and reform for those students who abuse drugs and alcohol.

RECOGNIZING the difficult and sometimes conflicting choices that our schools face in addressing drug and alcohol abuse;

RECOGNIZING the need to articulate strong, clear and consistent policies and procedures in this area;

RECOGNIZING its obligation to set the moral and ethical standards we expect from our schools and pupils;

The Diocese of La Crosse adopts the following Drugs and Alcohol Policy for all of our Diocesan schools.

3. Definitions

The phrase “drugs and alcohol” includes, but is not limited to:

1. Illegal drugs;
2. Alcohol;
3. Illicit drugs (legal drugs used for illegal or improper purpose); and
4. Look-alike drugs (substances represented as illicit or illegal drugs or alcohol).

B. Prohibitions and Required Minimum Sanctions

1. No student may distribute, offer and/or conduct any transactions leading to the use, possession, distribution or exchange of drugs or alcohol on school property, within 1000 feet of school property, at or en route to school-sponsored or approved activities, functions or events and/or on school buses, rental vehicles or school sanctioned vehicles.

Sanction: For students who have violated Category 1 Prohibitions – dismissal or immediate expulsion and the appropriate assessment and follow-up as described in Section C.

2. No student may possess or use drugs or alcohol on school property, within 1000 feet of school property, at or en route to school-sponsored or approved activities, functions or events and/or on school buses, rental vehicles or school sanctioned vehicles.

Sanction: For students who have violated Category 2 Prohibitions – suspension, dismissal or expulsion and the appropriate assessment and follow-up as described in Section C.

3. No student may be under the influence of, or knowingly remain in the continued presence of (except at school sanctioned adult functions) drugs or alcohol on school property, within 1000 feet of school property, at or en route to school-sponsored or approved activities, functions or events and/or on school buses, rental vehicles or school sanctioned vehicles.

Sanction: For students who have violated Category 3 Prohibitions – suspension, dismissal and the appropriate assessment and follow-up as described in Section C.

The local school authorities are charged with the responsibility of justly and equitably applying the required sanctions within each category. However, they may not fail to apply the required minimum sanction of each category.

In determining within each category which sanction to apply, at least the following factors shall be considered:

- the nature of the substance;
- the amount of the substance;
- the age of the student;
- the degree of risk posed to other students;
- the cooperation or lack of cooperation of the student; and
- the student’s prior record.

Nothing contained herein shall require or imply that a school may not impose more severe sanctions if the totality of the circumstances dictate.

The decision of the local school authority is final. If there is any disagreement with the decision of the local school authority, the student and/or parent has the right of administrative recourse.

C. Investigatory and/or Remedial Measures

1. The student and parents/guardians shall meet with school authorities.

2. The student shall be suspended pending completion of the investigation and may be suspended during the assessment.
3. The student will be required to cooperate with and undergo an immediate assessment/evaluation by an approved licensed agency or professional approved by school authorities and without cost to the school.
4. The student and his/her parents/guardians shall sign a release authorizing the school to contact and speak with the agency or professional and receive the results of the assessment and/or evaluation.
5. Following the receipt of the results of the assessment/evaluation, at least the minimum required sanctions shall be imposed on the student.
6. For students suspended or dismissed – before any student may be readmitted and continue as a student, the following minimum conditions must be met and consistently maintained:
 - A. If requested, the student must provide the school with a written statement from a licensed professional certifying the student has and is fully cooperating treatment and that the student presents no danger to other students.
 - B. The student must cooperate with any and all recommended actions and conditions of his/her treatment.
 - C. The students must refrain from any future drug or alcohol offense.
 - D. The student and his/her parents or guardians must authorize local school authorities to communicate with and receive information from the student’s licensed professional and/or agency to monitor compliance with these conditions.
 - E. The student must cooperate with local school authorities.
7. Students suspected of violations of this policy may be required, as a condition of continuing as a student, to submit to diocesan-approved drug and alcohol testing, if and when deemed necessary by the diocese.

D. Reporting Requirements

1. The conduct prohibited by these policies may be illegal. Therefore, contacting local law enforcement authorities may be required.
2. The conduct prohibited by these policies may give rise to a reasonable belief that minor students in our schools may be the victims of abuse. Therefore, a Chapter 48 report may be required.

Consultative Requirement

Drug and alcohol offenses are serious matters. They involve complicated and at times contradictory and conflicting interests. They always implicate legal issues. Therefore, local school authorities shall immediately report and seek consultation from the Office of Catholic Schools when implementing and enforcing this policy, including approval for any dismissals or expulsions.

Relationship to Other Student Conduct Codes

This policy governs the minimum standards in the area of drug and alcohol abuse for pupils in the Diocesan schools. Nothing here precludes a school from adopting more stringent standards and/or broader application of the standards. Likewise, this policy is to be implemented in conjunction with all other student conduct codes governing other issues and is intended to supplement, not replace, those student conduct standards and procedures.

Education Committee

The Catholic Education Committee is a consulted body, which assists in fostering the mission of Catholic education. They meet, generally, 4 times per year. The Education Committee for St. Mary of the Assumption School is an advisory committee to the pastor and school principal.

Electronics

Electronics such as radios, headsets, CD players, iPods, iPads, electronic games, portable DVD players are not permitted in school. Cell phones are not to be used on school grounds and must not be in view by students or teachers during the school day. If a student has an electronic device in plain sight during the school day, even at recess or on a field trip, it may be confiscated. Confiscated items are returned only to the student's parents or to the student at the conclusion of the school year. The list given above is not intended to be exhaustive and any electronic device determined by the principal to be inappropriate for school will be confiscated.

Emergency Management Plan

St. Mary School has an Emergency Management Plan that covers bomb threats, gas leaks, accidents or illnesses involving multiple students or staff, fire, severe weather and intruders. Anyone wishing a more detailed description of the plan is welcome to view a copy in the school office. **St. Mary School has surveillance cameras covering the entire school campus as well as major common areas in the school.**

Bomb Threat

In the event that the school receives a bomb threat, the building will be evacuated and the students moved to the church basement. Parents will be contacted to pick up children. School will not resume that school day even when bomb disposal personnel declare the building safe. School closings because of bomb threats may have to be made up during or at the end of the school year.

Bus Accidents with or without Injuries

Students will be moved to a safe location to be determined at the time of the accident. Emergency services will be contacted and every child will be examined for injury. Parents will be contacted as soon as possible and informed as to where their child is. Chaperone(s) will remain with uninjured children while the teacher(s) will remain with the injured children.

Hazardous Chemicals

Some hazardous chemicals such as cleaning supplies are kept on site in locked storage areas when children are present. In the event of a chemical spill in the building or on a person, the instructions found in the Hazardous Safety Data Sheet for that particular chemical will be followed. The staff reserves the right to remove all articles of contaminated clothing from a person if necessary in the event of a chemical spill.

Fire

Any person who sees smoke or flame will activate the nearest fire alarm. Parents should be aware of the location of any alarm box in the school building. Anyone who smells smoke or an unfamiliar odor should report it to the school office. Students will be trained by their teachers how to evacuate the building when the fire alarm sounds. Monthly drills will be held beginning after the first week of school. All persons in the building at the time will be evacuated by the fire

alarm. No one is to remain behind in the building to extinguish the fire even if it appears to be a small fire. Emergency services will be contacted by telephone from another location. Every effort will be made to contact parents as soon as possible. Children will not be returned to the building until emergency personnel have determined the building safe.

Gas Leak

In the event that the odor of gas is detected, the children will be moved from the building to a location away from the smell of gas using the same evacuation routes as for a fire. The telephone and the fire alarm will not be used in the evacuation as an electrical spark may trigger an explosion. Information will be passed by word of mouth. Emergency personnel will be contacted from another location. Under no circumstances are any persons to remain within the building in an attempt to locate the gas leak or to vent the building. Every effort will be made to contact parents as soon as possible. Children will not be returned to the building until emergency personnel have determined the building safe.

Intruder

In the event that a stranger is observed in the building, on the grounds, or in a car, the office will be contacted and the principal will observe the intruder. If the intruder appears to be calm and rational, the principal will approach the intruder, engage the person in conversation and determine the person's intention. If the intruder appears to be a threat or a danger to the students or staff, the principal will monitor the individual while emergency personnel are contacted. Classrooms will be contacted to move the children out of sight of the hallway and windows as much as possible. Intruder drills will be conducted at various times during the school year.

Tornado

In the event of serious damage to the building during a tornado, parents should be aware of the location of the inner rest rooms, classrooms, and the locker room in relation to the outside of the building. These rooms are where the teachers will have taken the students at the time a tornado warning was issued. Each classroom has tornado procedures posted. These procedures will be reviewed throughout the year with students.

Grief counseling

Certain tragic incidents associated with the school or the community may require counseling to assist families in coping with the situation. St. Mary of the Assumption School will comply with instructions from the Diocese of La Crosse whether to arrange such services. Parents are always welcome to seek out personal counseling services for their families. Families are encouraged to seek out counselors who work within the structure of Catholic morals and values.

Field Trips/Outings

Field Trips and Outings (DSP 6325)

Class visits to places of cultural or educational significance give enrichment to the lessons of the classroom. To insure the desired outcome of such trips, teachers should prepare the pupils for the place that is to be visited and the things that are to be seen. A discussion should be held regarding the purpose(s) and goal(s) of the trip. An advance trip by the teacher is suggested. Field trips are a privilege. Each teacher, based on the purpose of the field trip, establishes minimum academic, effort and conduct expectations for participation. Field trips are considered an extension of the classroom. If a student misses a field trip, he/she will need to do make up

work, as they would need to for any other day missed. This makeup work will be determined by the classroom teacher.

Field Trips and Outings (DSR 6325)

All field trips and outings must be pre-approved by the school administrator. The written consent of parents must be obtained for every child participating in a field trip or outing. The consent should include the basic information on the trip, such as where the class is going, times, chaperones and mode of transportation. The Diocesan Field Trip permission form is the only form that may be used. No student may participate unless a signed parental permission slip for the specific event is on file with the school principal. The Diocese of La Crosse Extended Field Trip Permission Slip must be used for overnight/extended trips.

In keeping with Diocesan policy and regulations the following rules for field trips and outings are established:

1. Anyone who drives on a field trip or an outing is to have a clean driving record and adequate liability insurance. A Volunteer Driver Form, Safe Environment training, and a Criminal Background Check must be completed and on file prior to the trip. This rule also includes all teachers, administrators and staff members. Forms are found on Sycamore.
2. Teachers shall be responsible for obtaining sufficient chaperones to accompany a class field trip or outing.
3. Teachers shall accompany students on all field trips or outings and are to assume responsibility for their proper conduct. If for any reason a teacher cannot accompany the field trip or outing, the principal will take the teacher's place or will appoint another teacher to lead the trip.
4. Field trips and outings are an opportunity to provide an education "outside the box" while combining some physical exertion and fun. Appropriate instruction should precede and follow each field trip or outing as determined by planned objectives for the trip.
5. Parents may choose not to allow their child or children to participate in a specific field trip or outing. In such cases, or when a student does not have a signed permission form, proper supervision and appropriate educational experiences will be supplied.
6. Appropriate dress is required for all field trips and outings. The teacher and the principal determine appropriate dress based on the nature of the trip.

Fines

Fines will result from the following circumstances:

1. Vandalism or intentional/negligent damage to school property.
2. Intentional damage or negligent care of textbooks and library books.
3. Lost textbooks and library books.

Fire/Tornado and other Emergency Drills

The health, safety and well-being of students is always a primary concern of the school staff. Sufficient drills are held to ensure execution of the procedures to be followed. The safety of the student is always foremost in our mind.

Fire Drills Fire drills are a state requirement. They are held once each month at a minimum. Students exit the building by walking single file in an orderly manner to the nearest exit that is not a hazard. This could include the breaking of and exiting through a window in the event that no other safe exit is available.

Tornado Drills (Announced on the P.A.) Tornado drills are held during the autumn and spring months when tornadoes are most likely to occur. Students silently file to their assigned section of the building away from doors and glass where they will kneel down and bend forward placing their hands behind their neck for the protection of their heads. If a book is handy at the time of the alarm it should be taken along to cover the head, but do not take time to search for a book.

Intruder Drills (Announced on the P.A.) Intruder drills will occur once during each semester, **or more as administration feels needed.** Students will silently go to their assigned place away from doors, entryways, and windows as much as possible. They will get into a position where they are hidden from view. They will do this in silence to not give away their position.

Fund Raising Activities

All fund-raising activities, including those for extracurricular activities, are to be approved by the school administrator in collaboration with the pastor to ensure the safety of the students and to ensure that all insurance requirements and liability assessments are considered.

Local community restrictions and the safety and age of the children are always to be taken into consideration before any fund-raising activity is planned.

Grading Scale

Grading scales are used beginning in 4th grade. Two scales are used; one for the intermediate grades and one for the middle school. There is a major difference between the intermediate and middle school scales. 6th graders need to realize that what was a D in 5th grade is now an F. This is the same scale that has been used in the past. The scale is as follows:

Intermediate Grading Scale (Gr. 4-5)

99-100	A+	80-83	B-
95-98	A	76-79	C+
90-94	A-	74-75	C
86-89	B+	70-73	C-
84-85	B	60-69	D
		59—	U (F)

Middle School Scale (Gr. 6-8)

99-100	A+	85-86	B-
95-98	A	83-84	C+
93-94	A-	79-82	C
91-92	B+	77-78	C-
87-90	B	70-76	D
		69-	U (F)

Honor roll information will be submitted for publication each quarter in the *Richland Observer* for middle school students.

Gum Chewing/Food

Due to the adhesive nature of gum, there will be no gum chewing in the school building or on the school grounds. Gum privileges may be given in the middle school, but the privilege will be taken away as determined by the principal. This includes the playground. Food is ordinarily not permitted outside of the lunchroom. Food must remain in the classroom for birthday treats and seasonal parties. The school principal must approve exceptions to these rules.

Handouts

Students have an obligation to ensure the safe and timely delivery of these materials to their parent or guardian. Many handouts will be posted on the Sycamore website.

Holy Days of Obligation

Holy Days of Obligation are treated in a special way. A Holy Day of Obligation should be made special in the school and in the classroom. Mass for the student-body is celebrated during regular school hours. No tests or homework are to be given on a Holy Day of Obligation. The Holy Days of Obligation that fall within the school year include All Saints Day and the Feast of the Immaculate Conception. St. Mary of the Assumption also celebrates the Feast of St. Francis of Assisi with the blessing of family pets. Specific information on this event is sent home prior to the event.

Home and School Association

All parents by virtue of the enrollment of their children in the school are members of the Home and School Association. Parents are encouraged to become involved the Home and School Association (HASA) for St. Mary of the Assumption School. The goal of HASA is to help parents fulfill their role as Christian educators and to provide educational assistance in Christian family living. HASA helps parents to be knowledgeable of existing and forthcoming legislation and public programs, which affect Catholic school students and their families. On the local level, parents are actively involved in the support of St. Mary of the Assumption School and its staff.

Homework

Homework is an essential tool of education. Homework that is properly planned and purposeful in nature is to help the student:

1. Learn to work independently and become self-reliant.
2. Think, plan, organize and apply what was learned in the classroom.
3. Develop and extend proficiency in effective habits.
4. Deepen personal insight and stimulate creativity.

The amount of homework that a student will have depends on many factors. How well a student uses his/her classroom time plays a major role in the student's ability to complete the assigned homework. It is the responsibility of the teacher(s) to determine the amount of homework necessary to meet the academic requirements of St. Mary of the Assumption School. Please contact your child's teacher if your child is consistently coming home with large amounts of homework so that his or her time management in the classroom can be more closely monitored.

Middle School Late Assignment Policy*

1st late assignment: The assignment is due the next day, **at 8:10 am, in the orange late assignment folder in front of each classroom's door.** The assignment is NOT due at the next class. Teachers will check the folders at the start of the day for late assignments. There will be a 10% reduction in the score earned for that assignment. For example.....if the student turns in an assignment late, and scored 96% on it, the grade will be reduced to a 86%. If the student does not turn the assignment into the folder the next day, then a detention will need to be served.

2nd late assignment: The assignment is due the next day, **at 8:10 am, in the orange late assignment folder in front of each classroom's door.** The percent reduction increases to 20%

off the score and the teacher will notify parents via email or a phone call. We anticipate that notification of the parents will reduce the number of students who will progress to a third offense.

3rd late assignment: The assignment is due the next day, **at 8:10am, in the orange late assignment folder in front of each classroom's door.** The percent reduction increases to 50%. The student will also receive a detention slip to fill out, provide to parents, and return to the teacher the next day – stapled to the late assignment, in the orange folder. Detention will be from 3:15 pm until 3:45 pm on a date arranged by the teacher, regardless of sports practice, music lessons or other extracurricular obligations. If there is a conflict where the time needs to be rearranged, parents may notify the teacher and work out a different solution. Students need to be picked up by a parent from the detention. The detention process is designed to be a negative consequence. Detention time is not to complete the late assignment. Additional work may be provided at the 30-minute detention. *If an assignment is more than 2 days late, the maximum grade that can be earned is 50% of the total for that assignment. Anything over a week late has a maximum value of 25%.*

**If students continue to have problems turning work in on time, alternative consequences will be administered on an individual basis.*

Honor Roll

Students in grades six, seven and eight can qualify for the honor roll, which is published each semester or quarterly in the local newspaper and in the school newsletter. The following scale is used to determine eligibility:

3.80 to 4.00	Highest Honor Roll
3.61 to 3.79	High Honor Roll
3.30 to 3.60	Honors

A student's GPA is figured in the office. The GPA is weighted and is based upon the number of days the class meets. A grade for computer class, which meets 2 days per week, carries less weight in figuring GPA than math, which meets 5 days per week. Honor roll information and statistics may be used for public relations and marketing purposes.

Hot Lunch Program

The Hot Lunch Program is partially funded by the Federal Government and is available to all students. Families may apply for free or reduced lunch. More information concerning this program is available in the school office. Application information for this program are sent home to each family at the beginning of the school year and are kept in the strictest confidence. Not even the children involved in the program are aware that they are involved unless you choose to tell them. If you qualify for free and reduced lunch, please take advantage of this service as the percentage of free and reduced students in our school influences federal money available to our school through the "No Child Left Behind" project.

The weekly and monthly menus are posted on Sycamore. **Student meals are \$2.80.** When paying, separate check needs to be made out for the Hot Lunch Program, which can be daily, weekly or monthly. A separate check is also necessary for the purchase of a quarterly milk ticket. **Please stay current with your lunch account. Once your account is 5 lunches in the hole, we will not allow your child to eat hot lunch.** We will provide him/her with a cold lunch and milk, and we will resume hot lunches once the account is brought up to date. Parents are welcome to join us for lunches at a cost of \$4.00 per lunch. This should be paid in the school

office ahead of time. Please call the school by 8:30 a.m. if you would like to be included in that day's lunch count.

Students leaving the school grounds for lunch must have a written permission slip on file.

This institution is an equal opportunity provider.

Inclement Weather

St. Mary School will cooperate with the Richland School District's inclement weather procedures. If the Richland School District closes school or has a late start or early dismissal, we will follow the same schedule. Listen to WRCO, 100.9 FM or watch the Madison television stations for school closure information. You can also check the Sycamore website.

Insurance

Parents are to have their own medical insurance to cover accidents that happen to students while they are at school, participating in co-curricular activities or under the supervision of school personnel. The school does not provide insurance to cover accidents that occur on the school premises or off-site co-curricular activities unless negligence is proven.

Internet: Acceptable Use Policy

Background

- Internet networks are owned by commercial, research, governmental and educational organizations as well as individuals. The Internet allows users of the system to collaborate easily and quickly through messaging, discussion groups and conferencing. Users discover and have access to people and information, distribute information, and experiment with new technologies and services. The Internet has become a major global infrastructure for education, research, professional learning, public service and business.
- Such openness and accessibility to the Internet has also created many opportunities for its misuse. Such misuse includes activities that have proven harmful to the safety and welfare of children. Some web sites are in violation of the morals and virtues of Catholic Teaching. Other misuses include but are not limited to identity theft, plagiarism, and copyright infringement.
- St. Mary Catholic School is providing access to the Internet as a means to enhance the curriculum and learning opportunities for all of our students.

Goals

Through Internet access students will...

- access global resources.
- enter into partnerships to enhance their learning options
- broaden their problem-solving and decision-making abilities.
- broaden their research capabilities by using primary materials.
- develop their higher-level thinking skills.
- gain an employable skill needed for the 21st century.
- utilize a personalized, motivational learning opportunity.
- differentiate and assess available resources.
- develop skills to use the internet responsibly and virtuously.

Code of Conduct

The following code of conduct applies to all users of the Internet at St. Mary's School.

“I will strive to act in all situations with honesty, integrity and respect for all the rights of others and to help others to behave in a similar fashion. I will make a conscious effort to be of service to others and to the community.”

The user is held responsible for his/her actions while using the Internet. Unacceptable uses of the system will result in the suspension or revocation of Internet privileges and/or appropriate disciplinary actions. The following is the code of ethics that all users are expected to follow:

Rules of Computer Ethics

- Students may access other people's files only with their permission.
- Students will follow copyright laws.
- Students will only use or copy software for which proper payment has been made.
- Students will ask permission before using other people's computer resources.
- Students will use computers to do research to create their own original work. Plagiarism will not be allowed under any circumstances.
- Students will use computers only for specific educational purposes as directed by St. Mary school staff. This means that e-mail, Face Book, You Tube, and other sites of this nature will not be allowed unless supervised by a staff member.

- Students will use a computer in ways that show consideration and respect.
- Students will use computers for educational purposes only unless permission has been given to do otherwise.
- Computer use is always consistent with Catholic Teaching, Doctrine, Morality and Virtues.
- Students will understand that their given “stmarysrc.com” email is property of the school and can be accessed by school administration at any time.
- Middle school students will follow all rules in regard to caring for their school-issued Chromebooks or any other devices used in the school.

It is the philosophy of St. Mary School that the technologies provided in our school are resources designed to enhance the curriculum and instruction provided for our students. Recognizing that technologies are public resources, all information produced by students on the Internet is public information. This information is technically accessible to all other users of the Internet.

In addition, if the use of directory information (name, addresses, telephone numbers, etc.) are necessary or needed for accessing certain information, only the school name, address and telephone number are to be given out over the Internet lines housed in St. Mary of the Assumption School. Personal information (individual’s name, home address, home telephone, names of other individuals etc.) may not be given out online.

St. Mary School personnel reserve the right to view any materials sent or received over the Internet or any other technology hardware or software on school property for their appropriateness in light of legal, ethical and Christian Standards.

Student Consent and Parent Denial

St. Mary of the Assumption School wishes to inform parents that the school **DOES NOT HAVE** control of the information available on the Internet. Therefore, the information which students have access to through the Internet may include material that is illegal, defamatory, inaccurate or potentially objectionable to some individuals. While it is the intent of St. Mary of the Assumption School to make Internet access available to further its educational goals, students have the ability to access other materials as well. Therefore, students who access the Internet through technology provided by St. Mary of the Assumption School are asked to sign a statement of compliance found at the end of this handbook. This statement must be renewed annually. In addition, the code of conduct will be discussed with the students and their Internet access will be monitored.

St. Mary School recognizes that parents and guardians of minors are responsible for setting and conveying the standards that their children should follow. Since students may have access to materials that are beyond the school’s control, a parent or guardian must also sign the statement of compliance at the end of this handbook to allow his/her child to have personal access to the Internet. A *Parental Denial* form requesting that his/her child not have personal access to the Internet is available in the school office. Some teachers use the Internet for presenting educational materials through a projection system to an entire class.

Library Use

St. Mary of the Assumption School has a library containing works of fiction and nonfiction geared to all readability levels. Fiction books are assigned a color code to determine readability. Children may check out books at readability levels other than their grade level.

- Red: Books geared for primary students.
Yellow: Books at a second or third grade readability level
Green: Books at a fourth or fifth grade readability level
Blue: Books at a middle school readability level
Orange: Series books

Students are permitted to check out books for two weeks and are assigned a regular library period for checking out books. While no fines are levied for overdue books, it is the responsibility of the child to make sure the book is returned to the library on time. Reminders of overdue books are sent out monthly. Lost books must be paid for at replacement costs. Efforts are made to select books with appropriate content for each grade level but not every book has been read by a supervising adult. Any parent who suspects that the content of a book is inappropriate for their child may request that their child no longer be permitted to check out that book. Any parent who suspects that the content of a book is inappropriate for any student in our school must direct their concerns to the building principal. The school library stocks new books twice each year with books earned through our book fair. Families are also welcomed and encouraged to donate gently used books to our school library

Prayer

Many opportunities for growth in faith are provided at school. Prayer, formal and informal, is interspersed throughout the school day. Students and teachers attend Mass twice each week. Students share in the responsibility of preparing for and participating in liturgies. Prescribed formal prayers begin and end each AM and PM session in the classroom. Every school day begins with prayer or with liturgy.

Press Releases

Normally, press releases, except for inclement weather announcements, will be cleared and released through the school administration.

Report Cards and Progress Reports

As partners in the education process it is vital for parents to be kept informed of the progress their children are making. Teachers, to ensure a comprehensive, objective evaluation of each student, use a variety of evaluative methods. This includes, but is not limited to direct observation, diagnostic and achievement testing, teacher made tests, tests provided by textbook publishers, daily work and class participation. Teachers maintain communication with parents when a child is having difficulty with a subject or concept.

Mid-term grades are figured at 4 ½ weeks for all students in grades 5-8. Warning slips are completed each mid-quarter for students in grades 5-8 who have a D or a U average in any subject. Mid-term reports do affect a student's eligibility in co-curricular activities (see co-curricular handbook).

St. Mary School uses a web-based student data management system;

www.sycamoreeducation.com. Student grades will be available online to parents 24/7 through this system, and it is the parent's and student's responsibility to check for grade information.

Parents and students are issued a password and login information to access this site. Teachers update grades regularly. Report cards are accessed on the Sycamore site

(www.sycamoreeducation.com) unless other arrangements have been made. Parents will be notified on the Sycamore home page and calendar when report cards will be posted.

Retention/Acceleration

Retention/Acceleration (DSP 5210)

St. Mary School is responsible for making the decision to retain a child or to accelerate a child to another grade. The decision to retain or to accelerate should be made only after serious reflections, evaluation and consultation with the teacher and parents. The school administrator is the individual responsible for making the final decision.

School Visitors

St. Mary of the Assumption School balances the welcoming atmosphere of the school with a duty to protect the students and staff from harm. All outside doors are kept locked during the school day. The main entrance located on Fifth Street is equipped with a doorbell for admitting visitors to the building. It also has a voice security feature.

All school visitors, including parents, should report directly to the office before visiting any other place in the school. Classroom visitations are encouraged, but at least a 24-hour notice is required. Parents are not to use classroom time to conference with teachers or other visitors.

Please make an appointment outside of the normal school day if you desire to have a conference with the teacher. Students are to be courteous and helpful to visitors both in the classroom and around the school premises.

Service Hour Requirements (Middle School only)

Students in grades 6-8 are required to perform community and parish service as a part of their religion grade. The number of hours needed corresponds with the grade they are in. 6th graders are required to perform 6 hours per quarter, 7th graders need 7 hours per quarter, and 8th graders need 8 per quarter. Half of these hours should be school/parish related. Service hours count as a test grade in religion. For example, if 50% of the hours are completed, the test score is 50%.

Also, hours obtained in the summer can be put toward hours needed for the first quarter only. Check with your child's teacher for any needed clarifications.

Sexual Harassment

Sexual Misconduct/Sexual Harassment (DSP 5512)

St. Mary School and the Diocese of La Crosse have strong and clear policies prohibiting any form of child sexual abuse and sexual misconduct. A copy of the Diocese of La Crosse's *Child Sexual Abuse Policy and Procedures* and the Diocese of La Crosse's *Sexual Misconduct Policy and Procedures* can be found in the school office and in this handbook. Both of these policy books are also available on the diocesan website and are required reading for all staff and volunteers who have contact with school children. These policies apply to all students in the Catholic Schools of the Diocese of La Crosse.

Provisions:

1. No student shall be subject to sexual abuse or sexual harassment as a student in the Catholic Schools of the Diocese of La Crosse. St Mary's School is a Catholic School in the Diocese of La Crosse.
2. Any persons who engage in sexual abuse or sexual harassment of any student in a Catholic School in the Diocese of La Crosse, among other sanctions, will be reported to the law enforcement authorities dismissed as a student, or an employee or as a volunteer.
3. Sexual harassment is defined as any unwelcome sexual advances, unwelcome physical contact of a sexual nature or unwelcome verbal or physical conduct of a sexual nature. "Unwelcome verbal or physical contact of a sexual nature" includes, but is not limited to, "the deliberate, repeated making of unsolicited gestures or comments, or the deliberate, repeated display of offensive, sexually graphic materials, which is not necessary for school purposes."
4. No student shall be subject to sexual harassment or other sexual misconduct, as a student of the Catholic Schools of La Crosse.
5. Any student or employee who engages in sexual harassment and/or other sexual misconduct shall be subject to severe disciplinary measures up to and including dismissal as a student or discharge from employment.
6. Any student who believes that he or she is being sexually harassed and/or is the victim of sexual misconduct shall report immediately such information to the Diocesan Director of Catholic Schools at 608-788-7707 who shall then report the matter to the Diocesan Bishop.
7. Any information reported shall be treated as confidential. All claims of sexual harassment or sexual misconduct shall be thoroughly investigated after consultation with the Diocesan Director of Catholic Schools.
8. The Diocese of La Crosse's *Child Sexual Abuse Policy and Procedures* and the Diocese of La Crosse's *Sexual Misconduct Policy and Procedures* shall be made available to students and parents in the Diocesan Catholic Schools either via internet or hard copies.
9. No student shall receive any retaliation or disciplinary action for reports of sexual harassment or sexual misconduct made in good faith.

Smoking, Drugs and Alcoholic Beverage Regulations

St. Mary Parish School is a Drug Free Environment. The use of illegal drugs, alcohol and tobacco in any form is prohibited on school and church premises. This includes, but is not

limited to sports, conferences, plays and when volunteering. This regulation includes, and is actually aimed at **ADULTS**. Students are governed by the Drug and Alcohol Policy that appears earlier in this handbook.

Technology Acceptable Use Policy

Students at St. Mary School are entrusted with proper use of technology at all levels. Some levels use iPads and desktop computers; others use Chromebooks. All students and parents are required to sign the Acceptable Use Policy, found in Appendix C. Students will not be allowed to use the devices until the policy statement has been signed and returned.

Telephone

Students are not called to the telephone during normal school hours except in cases of emergency. Arrangements for the student's after school activities are to be made between the parent and the child before the child comes to school. Students are required to have permission from the teacher, principal or office secretary before using the phone. St. Mary School tries to foster a sense of responsibility and independence in students and will determine whether or not a student needs to call home.

Testing

St. Mary School began using the Measure of Academic Progress (MAP) test with students during the 2018-19 school year. This test will be administered to all students twice a year- near the beginning and end. This assessment has replaced the Iowa Test of Basic Skills.

Tuition

St. Mary of the Assumption School will not deny a Catholic Education to any of its parishioners. We believe that all families can make some contribution toward their child's education. Arrangements for tuition assistance can be made through the school principal. Every family will be required to complete a tuition payment plan at the beginning of every school year. Parents who choose Catholic Education need to be fiscally responsible to the parishioners by paying tuition on time and in full. It is in this way that we are able to meet our financial obligations on time and in full.

TUITION

By Diocesan Policy, "...all of Christ's faithful shall share the obligation of promoting Catholic schools and of assisting in establishing and maintaining them." (The Bishop with His People, pg. 136, #100).

Again, by Diocesan Policy, "Catholic schools are encouraged to use a variety of means in a Christian pursuit of overdue tuition."

The Parish supports more than seventy percent of what it costs to educate a child at St. Mary's Parish in Richland Center. To make sure that the Parish runs efficiently, the remainder of the costs of education must be borne by parents whose children attend school at St. Mary's Grade School.

The following are crafted to help pay tuition by all:

1. All parents must enroll in the Smart Tuition program to pay their tuition and school

- fees. Parents will be given information as to how to enroll. They are then able to select their payment plans. Failure to self-enroll will result in automatic enrollment and the default payment plan.
2. Any parent who has a very serious reason for not being able to pay tuition should discuss the issue with the administration. This discussion will be focused on how best the parent will make the effort to pay the tuition owed in full or in part. In other words, there will be no free tuition per se.
 3. At the end of the school year, if any parent owed tuition, that parent will be asked to pay the balance before the beginning of the next academic year. If the school's attempts to collect the owed tuition are unsuccessful, the school may pursue collection of the owed tuition through any available, legal means.
 4. Any student for whom tuition is owed will not have his or her transcript released, should the student choose to leave the school, unless a signed and dated Tuition Payment Agreement is delivered to the Principal.
 5. If a family needs financial assistance, the following steps must be followed:
 - i. Family completes the *Tuition Assistance Application (Appendix A)* form and turns it in to the office.
 - ii. Family schedules a meeting with the principal to discuss the *Tuition Assistance Application*. At that time, they will work with the principal to complete the *Tuition Assistance Plan*.
 - iii. The plan for tuition payment will be created and signed.
 - iv. The plan must be followed. If the family is unable to meet the plan requirements, another meeting with the principal must be convened. This should be initiated by the family rather than the principal.
 6. The School may refuse the admission of a child if that child's parent(s) owe(s) any outstanding unpaid tuition, unless a signed and dated Tuition Payment Agreement, indicating the manner of payment for the unpaid tuition, is delivered to the Principal.
 7. All previous policies found in the handbook remain applicable.

Volunteers

Our parents have an opportunity to volunteer in a variety of ways at school. It is because of your generous contribution of time that we can offer the services that we do. To provide our students with a safe environment, **all volunteers are required to complete the Safe Environment Training**, which consists of: the "Employee/Volunteer Questionnaire", the "Driver" form if applicable and have a Criminal Background Check on file, which must be renewed every three years. The questionnaire and driver forms can be found on the Sycamore website or are available in the school office. Training may be completed online at <http://dioceseoflacrosse.com/safe-environment/index.htm>

Wisconsin School Choice Program Appeals Process

Students who are residents of the State of Wisconsin with a family income at or below 185% of the federal poverty level are eligible to receive a voucher to attend St. Mary of the Assumption School (SMAS) through the program.

The pupil must be a member of a family that has a total family income that does not exceed an amount equal to 185% of the poverty level determined in accordance with the criteria established by the director of the federal office of management and budget. A pupil attending SMAS under this section whose family income increases may continue to attend SMAS but must reapply for the program. Siblings of the student attending SMAS who wish to attend must go through the application process and will be considered eligible if the total family income meets the Income Limits as defined by the Wisconsin Parental Choice Program. (dpi.wi.gov/choice)

Applicants will be notified in writing within 60 days if they have been accepted or not to SMAS. If rejected, SMAS will include the reason of rejection which will coincide with the state regulations of the Wisconsin Parental Choice Program. SMAS may only reject an applicant for not meeting income requirements or losing a random selection lottery.

St. Mary School ANTI-BULLYING POLICY

Based on our philosophy that Catholic schools have been established to provide an environment of faith, which brings all of life together within the grace and love of God, we have established the following anti-bullying policy. St. Mary of the Assumption Catholic School believes in promoting a culture that is based upon the virtues and the Golden Rule. While bullying is contrary to our teaching, we realize the need to have procedures set in place to address any occurrences.

We define bullying as an act which:

1. Repeatedly hurts another individual either-
 - a. Physically (such as pushing, hitting, kicking, spitting, or any other use of violence, taking items from, forcing to do something unwillingly), etc.
 - b. Verbally (such as teasing, name-calling, sarcasm, threatening, spreading rumors), etc.
 - c. Indirectly (such as excluding, being mean, tormenting, using hurtful gestures, making hurtful written comments) etc.
 - d. Through the use of technology (such as cyber bullying - using technology to hurt others through any communication device such as e-mail, cell phone, camera, chat rooms, text messaging, or websites), etc.
2. Is deliberate and sustained.
3. Is intended to isolate, hurt, or humiliate another individual.
4. Is unprovoked.

Bullying is NOT:

- children not getting along well
- a situation of mutual conflict
- single episodes of nastiness or random acts of aggression, exclusion, or intimidation.

The goal of St Mary School's anti-bullying policy is to ensure that all students experience a safe, Christian environment that is conducive to learning. The following steps will be taken when dealing with bullying incidents:

1. Isolated or initial incidents which do not constitute bullying will be handled by the teacher in charge at the time of the incident. Depending on the severity of the incident, the principal and/or parents may be notified. Disciplinary guidelines set forth in the school handbook will be followed.
2. Whenever possible, any incidents which may constitute bullying should be reported immediately to the teacher in charge at the time of the incident. The teacher in charge at the time of the incident will immediately deal with those involved in the incident.
3. In some cases, students may choose to report the incident to a different adult in the building, such as their homeroom teacher, a secretary, or the principal. If so students are encouraged to report as soon as possible following the incident(s).
4. The principal or teacher in charge should be made aware of any bullying incidents. Students engaging in bullying behavior will be disciplined according to the school discipline policy. Depending on severity and length of incident, parents may be notified.
5. If the bullying does not cease after the student has been disciplined, parents will be notified and other action will be taken according to the school discipline policy.

In addition to the above outlined steps, anti-bullying policy requires the following:

Staff members of St. Mary Catholic School should:

- a. Remain alert to signs of bullying and act promptly and firmly against it according to the school's discipline policy.
- b. Report incidents of bullying to the principal or teacher in charge, who will determine if further disciplinary action should be taken, and/or if parents should be notified.
- c. Offer support and encouragement to students being bullied, including notifying parents, principal, and/or support staff as needed.
- d. Encourage all students to refrain from bullying behavior, and encourage reporting of any bullying behaviors they witness.
- e. Document identified bullying incidents that have resulted in a consequence being given. The person giving the consequence is responsible for the documentation. A copy of this documentation should be given to the principal, who will keep it in a central location.

Parents of St. Mary Catholic School students should:

- a. Report concerns of bullying behavior to their child's appropriate teacher as soon as possible following the incident(s). If concerns are not handled sufficiently at this level, a report should be made to the building principal or teacher in charge. Reports may be made either verbally or in writing. Written documentation is required either by the person making the report or by the person receiving the report.
- b. Support the school's anti-bullying policy and actively encourage their child to avoid bullying behavior.

Students of St. Mary Catholic School should:

- a. Report incidents of bullying they witness to the teacher in charge at the time of the incident, or to another staff member as soon as possible following the incident. Reports may be made either verbally or in writing. Written documentation is required either by the person making the report or by the person receiving the report.
- b. Whenever possible, stand up for the student being bullied, and refrain from joining in bullying behavior.
- c. Treat others with the respect and dignity that is expected of any Catholic school student.

Students who practice good nutrition and engage in regular physical activity attend school with minds and bodies ready to take advantage of their learning environment. St. Mary Catholic School recognizes that total wellness is related to student growth, development and readiness to learn. St. Mary Catholic School encourages all members of the school community to help create and support lifelong healthy nutritional choices and promote regular physical activity as part of the total learning environment. Input to this policy is welcome by anyone at any time. The principal shall be responsible for enforcing this policy.
